## LETTER OF RECOMMENDATION

Dear Sir/Madam,

I have known Ms Pranjali V Thakur right from her first year of college and taught her Communication Skills and Business Communication and Ethics for two semesters.

During these years Pranjali has shown tremendous determination towards learning. Her abilities and performance strongly reflect her confidence and sincerity. I have known her long enough to gauge her strengths and weaknesses. She can visualize the problem from all perspectives and is open to change. Ms Pranjali has been very involved and excited about the subject, especially during the team discussions, where she spoke about Patriarchal System of society. Her team presentations on the topics, "Save the Earth" which emphasized on the reduction of greenhouse gas emissions and "Prevention of Female infanticide in India" that aimed at empowering women was an excellent effort.

She has shown the motivation, intelligence, persevering nature and analytical aptitude for graduate studies. Her attendance and presence of mind has been a key part of her study program that has helped her to contribute positively as a team member in her Project and Presentation group.

In my view, Ms. Pranjali V Thakur compares favorably with the best among my students. I am confident that her performance will be outstanding at the postgraduate level. I recommend her in the strongest terms for admission to the postgraduate program at your university.

Yours Sincerely,

Mrs. Anupama Shenoy (MA English, BEd, SET)  
Assistant Professor – Engineering Sciences
